SUMMARY

- A tenacious, engaging junior web developer leveraging exceptional problem-solving skills, communication and collaborative teamwork abilities from a growing background in full-stack web development and extensive experience in business advisory and accounting.
- A strong development skill set based around the MERN stack. The completion of the Full Stack Web Development certificate from University of Sydney with a grade total of 97% has proven my ability to quickly learn different languages and concepts in a fast paced environment.
- Passionate about problem-solving, software development and devising creative solutions to complex and multifaceted projects.
- Possessing a great attention to detail, while also maintaining an understanding of the bigger picture has been integral to my current role in business advisory/accounting and has helped me greatly in being able to clearly communicate solutions when providing support to clients.

TECHNICAL SKILLS

React, JavaScript ES6+, Node.js, MySQL & Sequelize, MongoDB & Mongoose, Express.js, HTML5, CSS3, RESTful APIs, UI Frameworks (Material UI (MUI) & Bootstrap), Handlebars, jQuery, Github, NPM scripts, State Management using React Context Hooks, Heroku Cloud Deployment, proficient in accessibility and web standards, debugging proficiency using tools such as Chrome DevTools, and various npm packages such as Moment or DayJs.

- **Role:** Development around API calls, data display of Marvel API and pagination.
- **Tools:** Marvel API, Google Search API, RESTfulAPIs, API Key Hashing, JavaScript, CSS3 & Bootstrap

EXPERIENCE

Intermediate Accountant
North Advisory Pty Ltd

May 2021 - Present
Dee Why, NSW

Key Achievements

- As part of a company push to automate processes, I created an onboarding client information questionnaire form that had an array of questions designed to collect all important information from a new client to simplify the process of setting them up in our system. This completely automated the onboarding process post proposal acceptance to save our firm over 3 hours for each new client onboarded.
- I significantly improved the firm's current excel accounting "workpapers", for both individuals and companies. I created new workpapers, cleaned up the layout and streamlined the calculations for existing sheets which became our firm's official workpapers and would save upwards of 15 minutes for each account, for each client, and a total time savings of upwards of an hour for each client.

Accountant
Allan Hall Business Advisors Pty Ltd

Aug 2019 - May 2021
Brookvale, NSW

Key Achievements

- Initiated and led the upgrade of a range of excel workpaper updates to incorporate automation and fix numerous bugs in the current version.

Graduate Accountant
Prime Partners Chartered Accountants

Mar 2019 - Jul 2019
North Sydney, NSW

Key Achievements

- Created a technical documentation recording all the accounting processes for completing company, trust and sole-trader's financials and tax returns for the use in training new staff.

Financial Analyst
Godfrey Remuneration Group

Jul 2018 - Jan 2019
North Sydney, NSW

Key Achievements

- Developed, insightful comparator reference groups to benchmark C-suite & direct report salaries.
- Maintained a standard company analysis rate of 2 hours per company, so was able to review and record data for over 20 ASX companies a week.

Customer Service and Sales Consultant
The Co-operative Bank

Apr 2017 - Jul 2018
Christchurch, NZ

Key Achievements

- Initiated the development of an improved system to reset internet banking passwords.
- Alerted head office AML staff to a suspect and provided key information that led to the apprehension of the individual that thwarted their illegal activity, where the customer had sought to launder \$30k+

EDUCATION

- **Boot Camp Certificate**
 - University of Sydney, NSW, Oct 2022
 - A 24-week intensive program focused on gaining technical programming skills in HTML, CSS, Javascript, JQuery, Bootstrap and MUI, Node.js, MySQL & Sequelize, MongoDB & mongoose, Express, Handelbars.js, and ReactJS along with many other various npm technical packages.
- **Bachelor of Commerce, double major in Finance and Strategy & Entrepreneurship**
 - University of Canterbury, New Zealand, 2016
